Dear Members of the Appropriations Committee,

I thank you for your past support of regional tourism, and I request continued funding for the three regional agencies that are the creation of the legislature (CGS 10-397). Regional tourism has for many years been a partner with the state central tourism agency in generating the revenues and jobs associated with tourism in the state. The regional agencies have provided a local and diverse complement to the more overarching and general efforts of the central office. That partnership and its shared responsibilities should be maintained for the good of the whole state and its individual towns and various regions.

Currently the budget before you includes funding for state agency tourism marketing at \$10 million, but totally eliminates funding for the three regional agencies. This is a shortsighted and potentially harmful approach for the reasons listed below, and I urge you to consider reinstating the very productive entities that have been directly responsive to the needs of your local and regional constituencies. Please find the \$1.5 million needed to sustain the three regional tourism agencies.

Sincerely,

*Louise L. DeMars*
